Re: Public Records Request Dated December 2014.

Dear Bradycops.org:

I write today in response to your recent request under the Public Records Act for a document commonly referred to as a "Brady List." As we indicated to you by earlier correspondence, we do not actually have a formal list of officers that your request contemplated. That being said, however, we do have what is now being referred to as "potential impeachment material" for several officers that we disclose as part of our discovery process. Given the spirit of your request, I am providing you a list in this letter of the officers for whom we currently have potential impeachment material on file.

Name	Agency	Date Received	Summary of PIM
Deputy Malcom McIver	TCSO	March 31, 2009	Finding of dishonesty during an administrative review
Officer Kelly Clark	TWPD	March 19, 2009	Finding of dishonesty during internal investigation
Former Chief Sean Gallagher	Tenino PD	February, 2011	Dishonesty during a death investigation
Former Officer Liz Gallagher	Yelm PD	February, 2011	Dishonesty during a death investigation
Former Officer Emmanuel Olivo	Lacey PD	February 2012	Dishonesty in applying for a search warrant

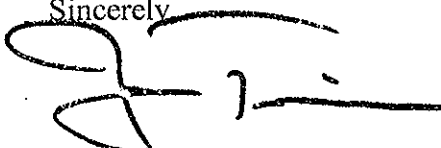

As noted above, Mr. Gallagher and Ms. Gallagher are no longer employed with the agencies listed above and to my knowledge no longer reside in the State of Washington. Mr. Olivo is no longer employed in law enforcement.

Thank you for your professionalism and patience in this matter.
